

Down by the Seashore 05/29—06/16

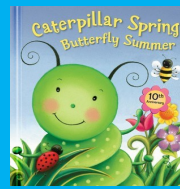

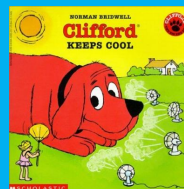

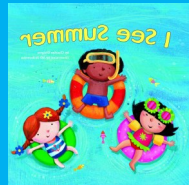

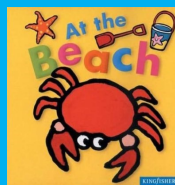

This unit will develop an awareness of ocean life by exploring a variety of topics such as, What is an ocean? Oceans verses Lakes, Sea Life, and the Seashore Environment. The children will learn about the oceans and other bodies of water, sea life and the seashore through Circle Time discussions and songs, creative projects, math and discovery games as well as gross motor activities.

Summer Camp Starts

June 5, 2017

Summer Fun 06/19—07/07

This is a fun unit that explores the season of summer. The children will learn about the typical weather that summer brings and traditional summer time events and activities.
