Farm March 05 - 16

Through songs, poems, books, discussions and activities the children will learn about the farm , farm life ,and farm animals.

Spring March 19 - 30

It is important for the children to be introduced to the four seasons of winter, spring, summer and fall. This unit on “Spring” will provide the children with a basic overview of the sights, sounds and ‘happenings’ of springtime. The children will learn about “clouds, rain and umbrellas,” Wind and Kites” “Flowers.” Caterpillars and Butterflies.” and Mothers and Baby Animals.
